Jason D. Kromm ☐	Proposal 2026-2 A Proposed Initiated Law to Prohibit Campaign Contributions from Certain Regulated Utilities and Government Contractors and Apply Campaign Finance Laws And Regulations to Additional Types of Political Communications
Keith A. Pretty ☐	The proposal would: - Prohibit regulated electric and gas utilities, contractors with over \$250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them. - Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them. - Expressly apply the law requiring disclosure of who paid for political communications to internet political communications. Should this proposal be adopted? Yes ☐ No ☐

☐	North Central Michigan College Millage Renewal and Restoration Proposal
☐	This proposal will restore the authority of the College to levy 0.9946 mill for general operating purposes for 10 years. Of the 0.9946 mill, 0.9141 mill represents a renewal of the authorization previously approved by the electors in 2016, which will expire with the 2026 levy and 0.0805 mill represents a restoration of that portion of the same millage authority which was reduced by application of the Headlee Amendment. Shall the limitation on the amount of taxes which may be levied on taxable property within the North Central Michigan College district, County of Emmet State of Michigan, be increased by 0.9946 mill (\$0.9946 per \$1,000 of taxable value) for ten (10) years, from 2027 to 2036, inclusive, as a renewal of the 0.9141 mill previously authorized by the electors which expires with the 2026 levy plus new additional millage in the amount of 0.0805 mill, to provide funds for operating purposes? It is estimated that 0.9946 mill would provide approximately \$4,660,486 when first levied in 2027. Yes ☐ No ☐
